Coronavirus Relief Options

We’re here to help you overcome the challenges created by this health crisis. We offer multiple funding options for those seeking relief. Read more below.

Paycheck Protection Program
EIDL Loan Advance
SBA Express Bridge Loans
SBA Debt Relief

https://www.sba.gov/funding-programs/loans/coronavirus-relief-options
**Paycheck Protection Program**

The Paycheck Protection Program is a loan designed to provide a direct incentive for small businesses to keep their workers on the payroll.

**SBA will forgive loans if all employees are kept on the payroll for eight weeks and the money is used for payroll, rent, mortgage interest, or utilities.**

The loan will be fully forgiven if the funds are used for payroll costs, interest on mortgages, rent, and utilities (due to likely high subscription, at least 60% of the forgiven amount must have been used for payroll).

Loan payments will also be deferred for six months. No collateral or personal guarantees are required. Neither the government nor lenders will charge small businesses any fees.

Forgiveness is based on the employer maintaining or quickly rehiring employees and maintaining salary levels. Forgiveness will be reduced if full-time headcount declines, or if salaries and wages decrease.

Existing loans have a maturity of 2 years and an interest rate of 1%. Borrowers can work with their lenders to modify the maturity date. Loans made on or after June 5 has a maturity of 5 years.*

PPP Forgiveness Process

• Borrower completes form 3508, or Lender equivalent, and submits it to their lender.
• The lender reviews the application and documentation and submits a decision to the SBA within 60 days of receipt of a complete application requesting payment for the forgiveness amount of the loan.
• SBA will remit the forgiveness amount to the lender within 90 days.
• If the borrower received an EIDL advance amount, SBA will deduct this from the total forgiveness amount.
• Any amount not forgiven is payable pursuant to the note signed by the Borrower with up to a two-year maturity on existing loans and a five-year maturity on new loans with a 1% fixed interest rate, with an automatic payment deferment of either the date SBA remits payment back to the lender or 10 months after the covered period if you they didn’t apply for forgiveness yet.
Eligible Payroll Costs

• Payroll costs paid or incurred during the 24 consecutive week covered period are eligible for forgiveness:
  – Start at loan disbursement or
  – Can use alternative covered period to coincide with beginning of next pay period after loan disbursement
  – Other allowable costs include payment for vacation, parental, family, medical, or sick leave; payment for employee benefits consisting of group health care coverage, including insurance premiums, and retirement; payment of state and local taxes assessed on compensation of employees.
• Costs include salary, wages, commission, or similar compensations up to the $100,000 cap pro-rated for the covered period. Borrowers may also include estimated tips, bonuses and hazard pay as a form of eligible compensation subject to the cap.
  – Owner employees are capped by their 2019 employees cash compensation (8 weeks) and employer retirement and health care contributions.
  – Self-employed individuals are limited to 8/52 of 2019 net income
  – General partners are calculated based on their 2019 net earning from self-employment
  – Costs for retirement or health insurance contribution for self-employed individuals or general partners are not eligible for forgiveness.
Non-Payroll Costs

• All obligations and services must have been in place prior to 2/15/2020 to be considered.

• Cost include interest expenses on real or personal property (no principal payments), rent or lease payments on real or personal property, and utility costs.

• Costs are eligible for forgiveness if they were paid during the covered period or incurred during the covered period and paid on or before the next billing date. Covered period begins at loan disbursement and extends 24 weeks.

• Costs can include past months payments if paid during the covered period but cannot include prepayment of services beyond the covered period.

• Non-payroll costs are limited to 40% of the forgiveness amount of the loan and can not include any prepayments.
Info on Maintaining FTEs

• Borrower must maintain their FTEs during the covered period as compared to the reference period
  – 2/15/19 thru 6/30/2019 OR
  – 1/1/2020 thru 2/29/2020 OR
  – For seasonal businesses, any 12-week consecutive period between 5/1/19 and 9/15/2019

• Forgiveness would be reduced proportionally by the percentage reduction in FTEs

• FTEs means 40 hours or more. If less than 40 hours, you can pro-rate or use .5 for any PT employees.
Maintaining Employees Salary/Wages

- Forgiveness will be reduced by the dollar amount of any wage reduction in excess of 25 percent of salary/wages earned between 1/1/2020 through 3/31/2020
- Calculation is performed per employee not aggregate
- Do not count anyone that was used as a FTE reduction if that applies
- So, only individuals with reduced salary or hourly rate would be considered.
Documentation Needed to Avoid Reduction In Forgiveness Amount

• Rehire and restore salary and wage levels by 12/31/2020 or earlier
• Document good faith offer to rehire if declined
  – Must be written offer during the covered period at the same salary and hours as their last regular pay period
  – Maintain record documenting offer and its rejection
  – Notify state unemployment office within 30 days of the employee rejection
• Document changes in head count for employees:
  – Fired for good cause
  – Voluntarily resigns
  – Voluntarily requests a reduced schedule
  – Unable to find qualified employees
  – Existing employees were able to return due to Covid
Summary – PPP Forgiveness Process

• Borrower completes form 3508, or Lender equivalent, and submits it to their lender with required documentation
• The lender reviews the application and documentation and submits a decision to the SBA within 60 days of receipt of a complete application requesting payment for the forgiveness amount of the loan
• SBA will remit the forgiveness amount to the lender within 90 days
• If the borrower received an EIDL advance amount, SBA will deduct this from the total forgiveness amount
• Any amount not forgiven is payable pursuant to the note signed by the Borrower with a two-year maturity for existing loans and a five-year maturity on loans on or after 6/5/2020 with 1% fixed interest rate, with an automatic payment deferment
