Social Determinants of Health

Environmental Health
Environmental elements support individuals’ wellness and health behaviors; exposure to toxic substances, and physical hazards is reduced.

Education
Children are ready to learn and able to graduate; adults are adequately prepared to be self-sufficient.

Transportation
Individuals have safe, affordable, and accessible transportation options.

Housing Stability
Individuals have safe, affordable, and stable housing.

Health & Well-Being
Individuals achieve their desired level of physical, mental, and emotional health.

Employment & Income Stability
Individuals maximize their capacity to support themselves financially across their lifespan.

Food & Nutrition
Individuals have reliable access to a sufficient quantity of affordable, nutritious food.

Safety
Individuals live in safe and inclusive communities; free from abuse, neglect, discrimination, inequity, crime, and violence.

DHHS Lens: Emerging Issues & Suggested Solutions

Issue: School-age-families worry about child care options for the fall.

Solution: Encourage parents to visit Child Care Aware of NH (CCAONH) – school personnel will make these recommendations.

Issue: Some teachers don’t want their kids in care in a different district.

Solution: The “Pop Up” child care certificate (for employer sponsored childcare) is available through CCLU. Schools can set up child care/remote learning for their employees. Schools contact CCLU to do this – licensing will walk them through the process.
DHHS Lens: Emerging Issues & Suggested Solutions

 Issue: Families are setting up child care co-ops with friends and neighbors.
Solution: CCAoNH has a resource guide to help with this type of care.

 Issue: Parents will need a lot of flexibility in their work schedules to accommodate the various school schedules and continue to work.
Solution: Ask employers to provide this flexibility.
Social Distancing Strategies:

1. Space seating, bedding (head-to-toe positioning), and activities so that children are at least 6 feet apart, whenever possible.
2. Child care programs should, whenever possible, reduce group sizes to no more than 20 people total, including children and adults (e.g., one adult and nine children, two adults and eight children, etc.).

- Group size from 10 to 20
BCDHSC Update: CCRSP
NH Child Care Scholarship Absentee Allotment: Changes

- On August 3, 2020, BCDHSC implemented changes to the NH Child Care Scholarship program.

- Each child eligible will receive a DHHS determined monthly allotment of absentee hours based on the child’s authorized service level.

- The new monthly absentee allotment hours is designed to ensure the child meets the full authorized service level at least 85% of the time across the year and the child care provider is paid at that level.
Monthly Absentee Hour Allotment

The monthly absentee hour allotment are as follows:

- 21 hours per child for full time authorized service level
- 13 hours per child for half time service level
- 0 hours per child for part time service level

No absentee hours are needed for the part time service level because a child only has to attend 1 hour for payment to be paid the part time rate for the week.
Payment Information

- Providers must bill DHHS weekly, and the billing invoice must include the child’s absent and present hours.

- If the present hours billed do not meet the minimum authorized service level hours:
  - If there are enough absentee hours available, the system will only use enough absentee hours to bring the child up to their authorized service level and the child’s full authorized service level will be paid.
  - If there are not enough absentee hours available, the system will not use any absentee hours and the child care provider will be paid at the service level determined by the number of present hours billed. The service level will drop.

- The parent is responsible to pay the child care provider the DHHS calculated cost share for that week plus any co-pay if the child care provider chooses to charge one.

- At the end of the month, there may be remaining absentee hours in the bucket. Those absentee hours will not be carried over into the new month. Instead, the system will give each child a new absentee hour bucket according to their authorized service level.
Responding to COVID-19

- New absentee policy does not allow payment for a child who is eligible for NH Child Care Scholarship if the child is absent an entire week.

- Child care programs are seeing an increase of child absences due to COVID-19.

- DHHS is in the process of exploring a temporary policy change to allow payment for eligible children who are absent due to COVID-19.
Registration Fees

- DHHS now allows payment for one child care registration fee up to $50 per calendar year.

- The registration fee charged must not exceed the amount charged to private paying families.

- If the child care provider charges the family more than $50.00, the family must pay the difference.
Understanding the CCRSP Award Funds: How They Can Be Used
How to Determine What Counts as an CCRSP Expense

1. Start by asking yourself these four questions –
   - Was or will the expense or loss occur between March 1, 2020 and December 30, 2020?
   - Was the expense or loss COVID-19 related?
   - Was other funding received that offsets or paid for this loss or expense?
   - Can this expense/loss be documented in a way that will meet accounting and auditor requirements?
More on .....How to Determine What Counts as an CCRSP Expense

2. Be sure you meet some or all of the following criteria:

- The expense falls into one of these categories – income loss, increased operational expenses (staffing, supplies, materials, equipment, related services) or other additional expenses prompted by circumstances related to COVID-19.
- The expense may be a regular ongoing expense, but the cost has changed due to current circumstances related to COVID-19 to qualify.
- The expense is outside of or beyond a “regular expense” that you would have paid out pre-COVID.
- With “regular” expenses you are only counting the portion that is changed/increased due to COVID.
What *Does Not* Counts as a CCRSP Expense

You can not -

- Supplant, replace or “double-dip” for other funds you have already received or are receiving such PPP, Scholarship Income, Insurance, unemployment, etc.
- Count a regular ongoing expense that is the same as it was before with no COVID-related increase or change.
- Capital expenses – planned or unplanned that are not COVID related.
- Losses due to negligence, accident or other scenarios that are not COVID related.
- Expansion or renovation not related to COVID.
Things to keep in mind!

- You do not need to wait until you have the expenses to submit an invoice. The award is not tied to the timing of the expense except that it must fall between March 1 and December 30, 2020.

- You will not be submitting receipts, bills, documentation to DHHS. You are required to discuss how you spent the funds and its impact on your business in the final report.

- You may or may not be audited, but you should have clear and solid documentation.

- You cannot get paid unless you have a State of New Hampshire issued Vendor Number that you have applied for and received.
The Overall CCRSP Process

Apply and Funded
- Submit application and all supporting documents, reviewed and funded
- Notified by award letter

Accept award and numbers
- Read, complete and sign the Provider Agreement
- Complete the Program Number Attestation based on approved or licensed number of children
- Electronically sign and submit

Invoice and Submission
- Apply for and receive vendor number from State of NH
- Receive invoice packet and complete first invoice
- Complete invoice and submit electronically

Receiving Payment
- Invoice is logged, checked for accuracy, signed in BCDHSC
- Invoice is submitted to Finance, processed and submitted to Accounts Payable
- Accounts Payable processes, prints and mails check
What slows the process down?

- Lack of accurate or complete information on documents – lack of or incorrect vendor number, no award amount, not fully signed including each page with initials.
- Submissions other than with electronic signature or via email as instructions describe.
- Inability to sign (on our end) the agreement due to submission type.
- Waiting on mailed documents.
- Incorrect email addresses and change in recipients for notification.
- Technology – yours, ours, cyber space.
- Staffing CONSTRAINTS on our end, volume of emails and queries. Always want to answer, just takes time.
- External Forces – meeting federal requirements, GOFERR, legal reviews, etc.
1. **Get information assembled to complete the invoice:**
   - Vendor number
   - License Number (if applicable)
   - Child Care Scholarship Resource # (Employment and P & P related)
   - Number of children currently enrolled – full and part time
   - How many children do you have on employment related child care scholarship through the state
   - How many children do you have on the Preventative and Protective Scholarship Program through the state
   - Number of direct staff currently working – full and part time
   - Number of support staff currently working– full and part time
   - How many classrooms you have open
   - Your full award amount
Completing the Invoice

2. Save the invoice to your computer with your Program Name Invoice One (or others as applicable)

3. Fill in the information

   Your contact information, business name (the one that you used in the Vendor Number application and the name the check will be made out to), and the address associated with the vendor number
   Vendor number
